Is the exporter or anyone acting on their behalf in connection with the transaction charged or convicted in a national court or equivalent national administrative measures for the violation of laws against bribery or bribery of foreign public officials of any country (including South Africa) within a five-year period preceding the application?

YES ☐ NO ☐

Internal Control System

We have noted ECIC's initiative to encourage us to develop, apply and document internal management control systems to detect, prevent and combat bribery in international business transactions within our organizations.

We take notice that in terms of the *Prevention and Combating of Corrupt Activities Act 2004 (Act No. 12 of 2004)* bribery of foreign public officials in international business transactions is crime in South Africa and contravention thereto is punishable with a fine and imprisonment including life sentence.⁴

ANNEXURE A

Validity Period for Offer of Cover

The Offer of Cover will be valid for six (6) months and that period shall commence from the date of issue of the Offer of Cover. Any extension for the validity period of Offer of Cover that has elapsed will be presented to the ECIC Committees for approval.

ANNEXURE B SOUTH AFRICAN CONTENT

The following items shall be deemed to constitute South African Content:

the cost of materials and manufactured goods purchased from South African suppliers minus the value of any materials, goods or major components of manufactured goods which have been imported from sources outside South Africa; wages, salaries and other remuneration paid by the exporter(s) in South Africa to his employees and such portions of wages, salaries and other remuneration payable to the exporter's employees who are performing work outside South Africa, and which is paid by the exporter(s) in South Africa;

- (a) freight charges paid in respect of a policy issued in South Africa;
 - (b) insurance premiums paid in respect of a policy issued in South Africa;
 - (c) finance charges, excluding any interest for post-delivery finance, paid to any financial institution normally operating in South Africa;
 - (d) fees and charges paid for any other services performed in South Africa on the exporter's behalf by South African resident organization;
- fees and profits accruing to the exporter(s) to the extent that the ECA/Chartered Accountants have confirmed that they qualify as South African content.

Your attention is also drawn to the fact that the payment of freight charges to a company normally doing business in South Africa will not necessarily qualify as South African content since the whole or part of such payment may relate to freight costs incurred in respect of a shipping line or vessel which in the ECIC's opinion does not qualify as South African.
